

# Instructions to save the ASPIRE 2017 web app\*

aspireonline.org/change

## iOS users

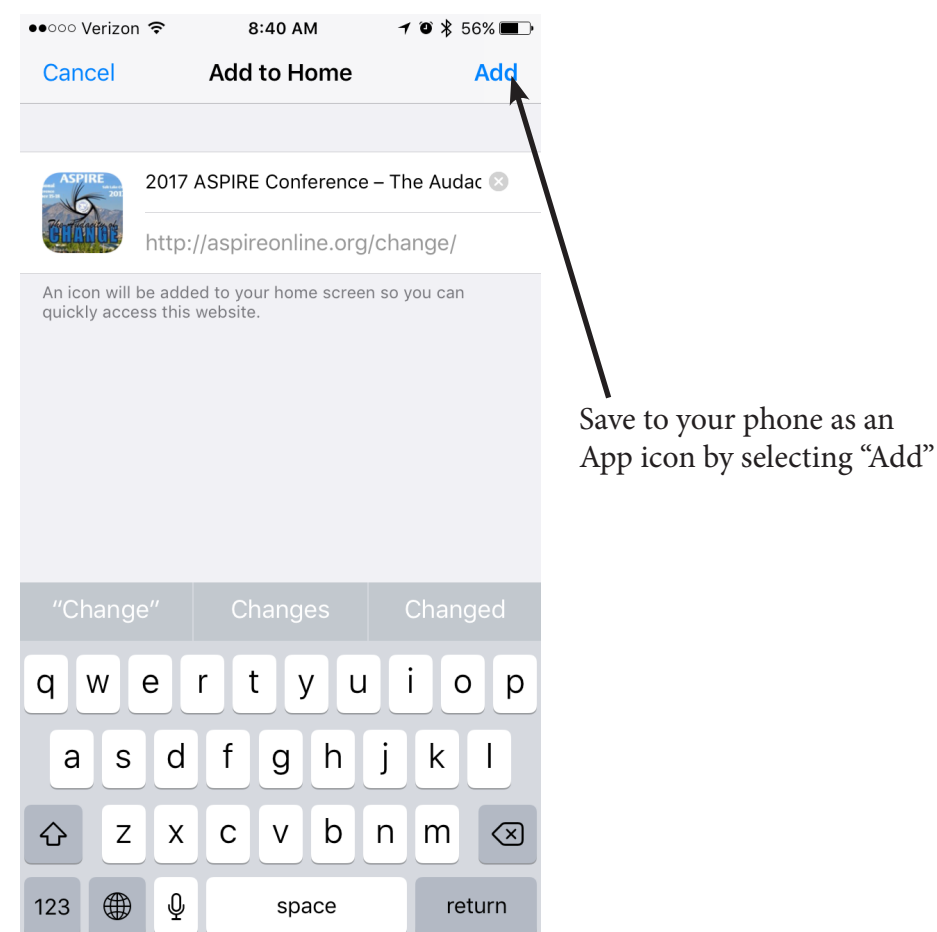

Start by using Safari on iOS enter [aspireonline.org/change](http://aspireonline.org/change)

OR use a QR code scanning app to open the page.

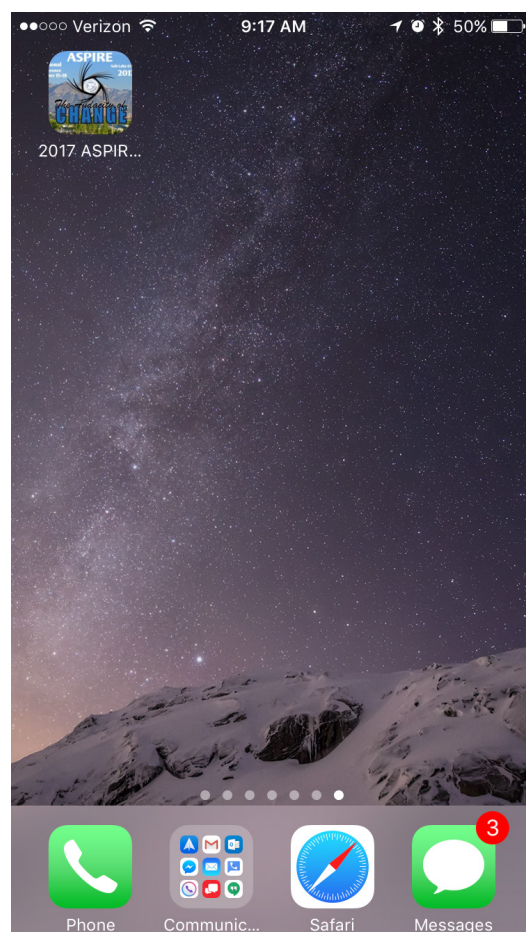

"Add to Home Screen"

Select this to install the web app

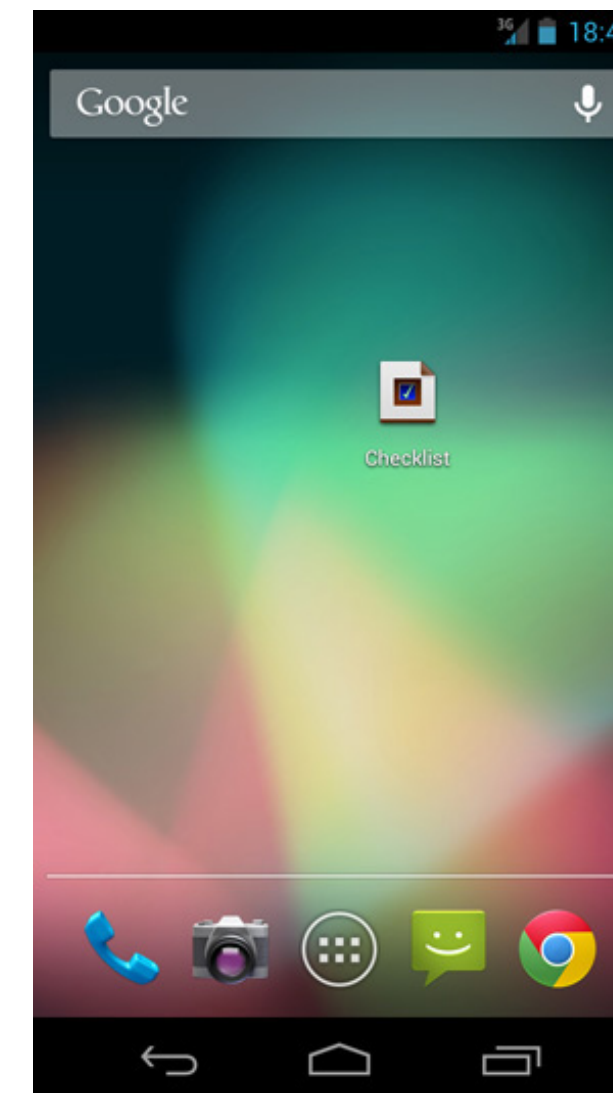

Save to your phone as an App icon by selecting "Add"

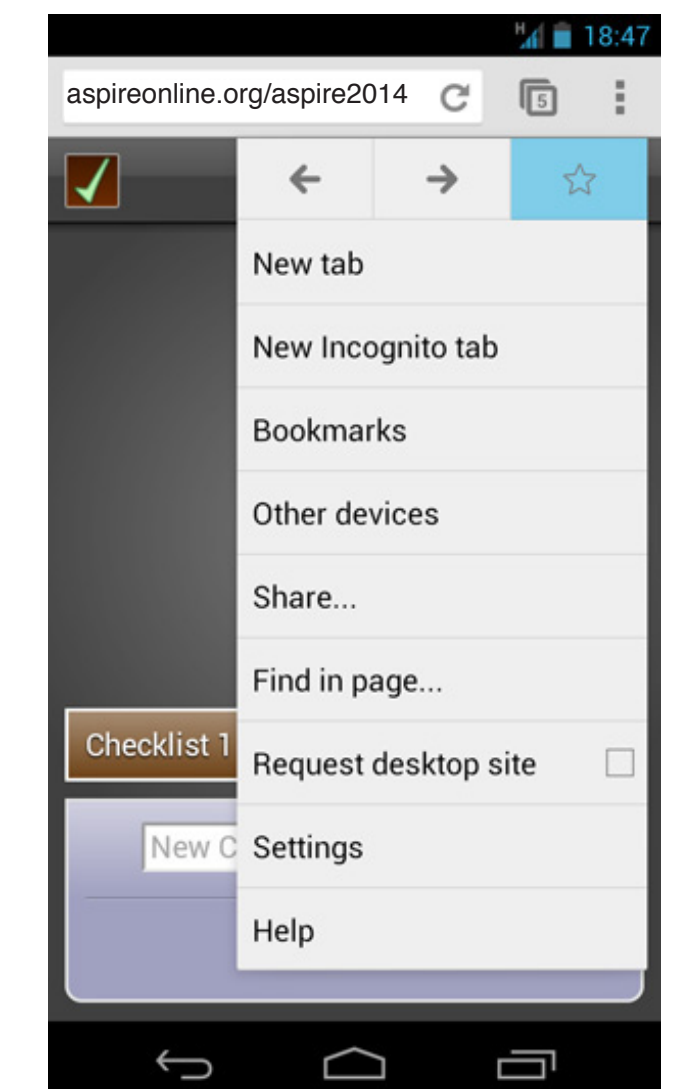

The app icon will appear on your phone, arrange it in to the place of your liking.

## Android users

Start by opening your the page [aspireonline.org/change](http://aspireonline.org/change) in your browser or use a QR code scanning app to open the website. We recommend using the default Android Browser, or Google Chrome if possible.

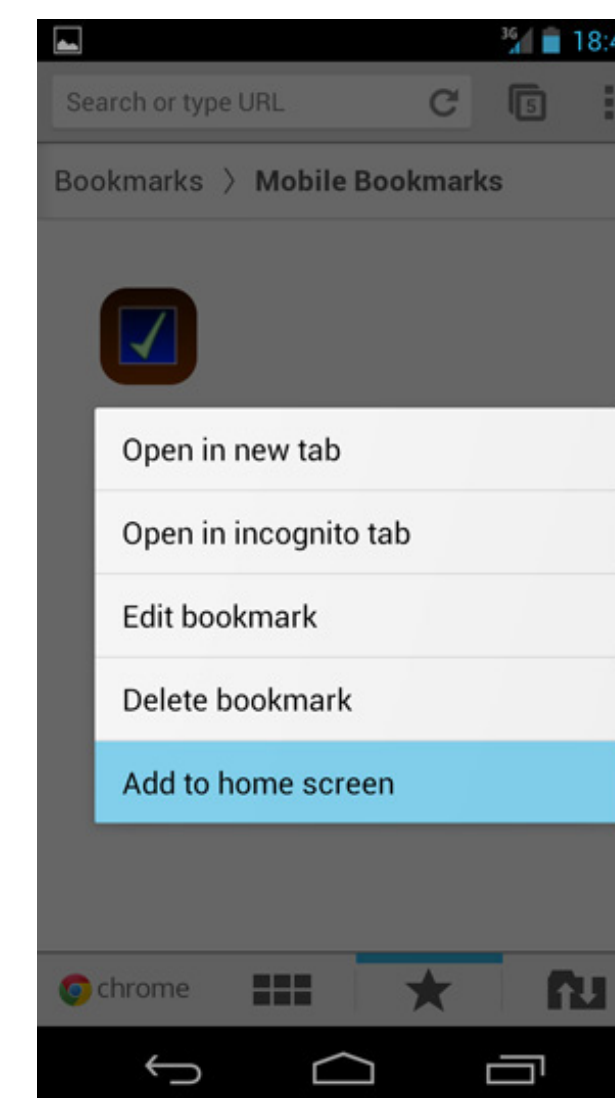

Hit the menu button, and add the page to your bookmarks. In Chrome, just tap on the star and follow the prompt.

Scan this using a QR code scanning App

or enter [aspireonline.org/change](http://aspireonline.org/change) in a browser

Open you bookmarks using the menu button, and find the new bookmark you've just added. Press down and hold on the bookmark until you see an action menu. Select Add to homescreen.

That's all there is to it. The bookmark is pinned to the homescreen for quick access. Arrange it into the place of your liking.

Please note depending on your mobile device, these instructions and ability to add to home screen may vary.

\*App is not available in the App Store or Google Play  
**Viewing content on the app requires an internet connection**

If you have a Blackberry or Windows phone you may still visit the website and bookmark it.
